AAYUSH SINHA

Senior Engineer

Bengaluru, India | +91 7376-146-764 | hello@yush.dev | https://yush.dev

EXPERIENCE

Senior Engineer | KEMURI Technology Pvt. Ltd.
Bengaluru, India \ 2017 - Present

Engineered a Learning Management System. Designed and developed various modules (SSO, E-Commerce, CI/CD, etc.) from scratch for a Content Management System with a clientele of over 1000 businesses. Worked on JavaScript and APIs. Adapted Test-Driven Development and built testcases ahead of development.

Full-Stack Web Developer | Ekutur
Bengaluru, India \ 2017 - 2017

Upgraded the existing e-commerce store into modern JavaScript frontend. Optimized the backend into gaining 50% performance in terms of loading time. Fabricated CI/CD pipelines using Jenkins on Google Cloud Platform that saved over 20 engineer hours per month.

Web Developer - Intern | Bike Street Boys
Pune, India \ 2016 - 2017

Maintained the existing e-commerce system. Added new functionalities on the frontend using HTML, CSS and JavaScript. Researched and remodelled various email campaigns. Built a platform connecting Shopify and Zoho CRM using NodeJS and Heroku that helped in efficient lead conversion.

Web Developer - Intern | Offstep
Pune, India \ 2016 - 2016

Built the Learning Management System portal. Designed and developed the landing page which helped in gaining over 200% conversion for the Product. Programmed the System using HTML, CSS and JavaScript.
